

“CALLING ALL CANDIDATES”

NATIONAL BOARD CERTIFICATION OPPORTUNITIES

**Monday, September 27th
6-8 p.m. ~ Snacks & Beverages Included
Northern Tier UniServ Office
1901 W River Street, Rhinelander, WI 54501**

NTU is offering a unique training and mentoring program that will support NBC candidates through the process of becoming Nationally Board Certified.

The support initiatives will kickoff on Monday, September 27th for anyone interested in achieving NBCT status this year or next year. The kickoff meeting will run from 6:00-8:00 p.m. This kickoff and future workshops will be held at the Northern Tier UniServ office in Rhinelander (similar support workshops for candidates are planned for NTU West later this fall).

After the initial kickoff meeting, there will be six Saturday training workshops. NTU is offering these workshops free of charge to members (compared with other similar workshops costing upwards of \$100-\$250 each). Each Saturday training workshop will be presented and supported by regional and local NBPTS certified trainers.

Together, we can help NBC candidates reach the esteemed status of being a National Board Certified Teacher like only a few in the state have achieved thus far. In fact, we have fewer than a dozen in the UniServ who have achieved NBCT status at this point; however, we do have nearly a dozen who went through the support program last year who are waiting for official news by December.

Please consider joining our support initiative as a candidate this year to further your professional development goals. This will be a great opportunity for you to meet other accomplished teachers who have recognized the value of the NBC professional development training as it impacts teaching and learning.

If you are interested in attending, please **RSVP by September 20th** to Bonnie Breivogel at bonnie@ntu1.com or you can call 1.800.367.4901 toll free if you have questions.

Snacks and beverages will be provided.
